Flexible, wrappable legs and super-strong magnetic feet allow you to attach the Gorillatorch to just about anything; illuminate your target while keeping your hands free!

Rubberized ring and foot grips provide enhanced stability on slick or uneven surfaces and don't scratch paint.

Ultra-bright CREE LED provides a maximum output of 65 lumens/1 watt.

Dimmer switch allows you to dictate the level of brightness for use in any scenario. Control power and brightness with a twist of the wrist.

Compact and lightweight, the Gorillatorch is ready for your next adventure. Its adaptable form factor enables you to stow it anywhere.

Water resistant, the Gorillatorch shines in all environments, no matter how extreme.

Average battery life

-  Maximum = 20 hours
-  Optimum = 50 hours
-  Economy = 80 hours

The Gorillatorch uses 3 AA batteries.
(Batteries included in USA, but not internationally due to restrictions)
